RECORDS Á LA CARTE

Our residents, MissDf and Ulmox have curated the soundtrack for this Saturday afternoon.

With an immense knowledge and appreciation for music, they've rummaged through the record crates of Stockholm to put together this list of 40 records.

We recommend the titles you've never heard before.

Pick one with an exciting name, from the right decade or just something by random.

Dive into the obscure with an open mind.

1. **DJ Jazzy Jeff - For da Love of Da Game**
(US 2002 BBE)
