

# PIEDMONT SOMMELIER'S PICK

Piemonte is a north Italian region with fantastic gastronomic traditions such as the world famous white truffles from Alba. Another big part of their identity is their renowned red wines. Many say it is the Italian equivalent of Burgundy in France. From Barolo to Barbaresco, there is something for everyone. Most wines are made with noble grape variety Nebbiolo and show a high-tannic, structured and powerful character with dark but elegant fruit notes.
