

**SAFE STAY**

# SAFE STAY – Safe Environment

In our day to day life, we would like our families, friends and colleagues to be safe and happy. No One should feel uncertain and worried that their workplace could cause harm or that a business trip may put one at risk of illness.

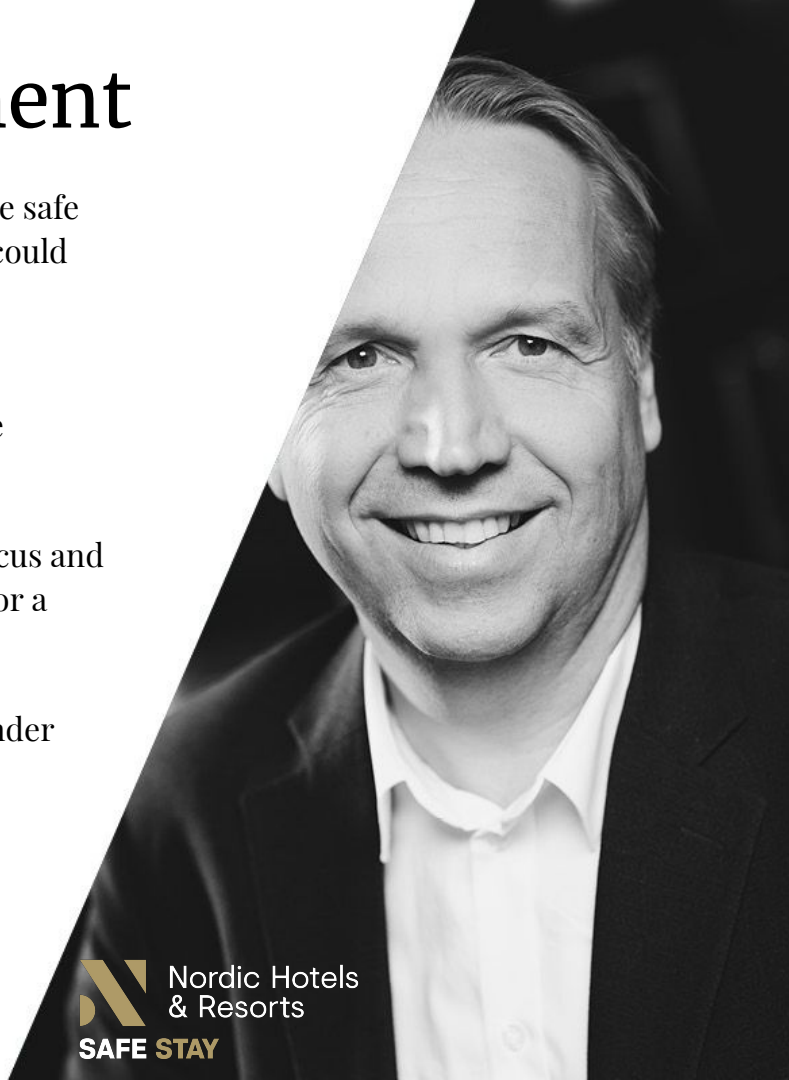

Our focus will as always continue to be that of unique properties, unique experiences and unique service which will at all times adapt to whatever the circumstances may be.

We will make a promise that we will continue to have everyone's safety in focus and commit to following strict official and national guidelines which will allow for a Safe Stay.

We pride ourselves in delivering unique experiences in peaceful settings under our watchful eye.

Safe Stays quite simple!

*Trond Bastiansen* – COO, Nordic Hotels & Resorts

# SAFE ROOMS

All of our housekeepers follow strict guidelines to avoid cross contamination between rooms. Your room will be uniquely yours.

We use cleaning products which are kind to the environment but will keep you safe from bacterias, viruses, fungi and spores.

All bed sheets are changed as frequent as you wish. We minimise the use of scatter cushions and bed throws which are always clean.

We change all towels and amenities even if they have not been used.

**Should any guest have tested positive for Covid-19, we follow National Health Authority Guidelines on standards of cleaning the room and other areas where the guest would have been.**

# SAFE FOOD

We will make your visit relaxed while following official guidelines on space and maximum number of guests

While you relax, we make the extra efforts to ensure that all surfaces are clean and ready for your use. We will place you at a neatly prepared table.

Let us spoil you with table service! We will come to you and guide you through your dining experience.

We use cleaning products which are kind to the environment but will keep you safe from bacterias, viruses, fungi and spores.

We will make sure that you don't need to queue and will put measures in place for your convenience

Your waiter will make sure you will feel comfortable with the delivery of all food and drinks. They have been trained to the highest standards to keep you safe.

# SAFE MEETING

We will make sure your meeting is relaxed while following official guidelines on space and maximum number of guests

While you do your work, we make the extra efforts to assure that all surfaces are clean and ready for your use. We will prepare all areas in line with your needs under our watchful eye.

We will keep you and your colleagues informed at all times. You will feel welcomed under the watchful eye of your meeting coordinator.

While having your safety as focus, we will take measures to make sure we know who is visiting us. We may ask you for more information than normal ahead of your meeting to discreetly make sure you and your colleagues are taken care of at all times.

We will make sure that you don't need to queue and will put measures in place for your convenience

We will cater for all your needs in a personalised way. All you need to do is focus on your meeting. We provide all participants with facemasks and disinfectants for safety.

# SAFE SPA

To allow for a safe environment for therapists and guests, we have taken measures to control both spacing and number of visitors at all times.

While you relax, we make sure that every precaution is taken. We use cleaning products which are kind to the environment but will keep you safe from bacterias, viruses, fungi and spores.

We follow International Guidelines on water safety. The latest requirements for treating water is always priority.

While you use our Spa Facilities, we will make sure that you are easily informed along the way to keep the experience smooth and safe for all.

To make the experience as smooth as possible, we will allow for other means of changing and showering facilities which will be private to you.

While having your safety as focus, we will take measures to make sure we know who is visiting us. We may ask you for more information than normal ahead of your visit to discreetly make sure you and your fellow guests are taken care of at all times.
