SOMMELIER SELECTION

SON ANTEM

WINES OF VISION, BALANCE, AND CHARACTER

South of the small village of Alaró, at the foot of the Tramuntana mountains, in Mallorca, this newly started family property. After just four years of searching, Malin and Johan Lidby found the property Son Antem.

Behind the wines themselves are father and son - Johan, with long experience as a wine importer and Simon, winemaker with many years of experience in both France, Australia and the USA. Son Antem, with a documented history back to 1693, is deeply rooted on the slopes of Mallorca in a limestone-dominated and complex soil. The Mediterranean climate meets the height and shelter of the Tramuntana mountains. The vineyards, which grow at 155 to 225 meters above sea level, are cooled daily by the maritime winds. The combination of climate and soil results in elegant wines with quality and freshness in focus. Today, 18 hectares of vineyards have been planted with both local and international grape varieties. In 2022, the first wines from vintage 2021 were presented.
